

“Every great dream
begins with a dreamer.”

--Harriet Tubman

Mural by Michael Rosato; Cambridge, MD

Take a moment to look at the clouds.
Notice their colors and shapes. Use your
imagination. What pictures do you see
in the clouds?

On your nature walk, look on the ground
for a smooth stone, twig, piece of bark,
or leaf. When you get home, paint it the
color of the sky and add clouds. Keep your
nature project somewhere nearby and

remember to dream.
